In case the financial year report is not approved, the GMM can request the Cash Audit Committee and the board to present the financial year report again within a month. The GMM can also appoint a new committee consisting of at least two people, who are tasked with checking the finances of BeeVee once more. This decision also has to be taken if the financial year report is rejected for a second time. This committee has all the same rights and abilities as the Cash Audit Committee. Within a month of their appointment, they report to the GMM with their findings. If this does not result in the financial year report being approved, the GMM takes other action which it deems to be in the best interest of the association.

J UNWANTED BEHAVIOUR

605 *article 47*

Unwanted behaviour in any way, shape or form will not be tolerated within BeeVee. This includes:

- a. unwanted sexual behaviour;
- b. aggressive behaviour;
- c. unwanted physical contact;
- d. other unwanted behaviour.

610

Article 48

If the board is notified of unwanted behaviour, they will investigate the situation, whilst respecting the privacy of the involved parties. If the behaviour was indeed deemed intolerable, after the aforementioned investigation, the board is compelled to take appropriate action. This can include, but is not limited to, an official warning, the suspension of membership or the termination of membership. Suspension of membership is two months, as stipulated in Article 8 of the *articles of association*. Termination of membership can happen in two ways, as stipulated in articles 8.1c and 8.1d of the *articles of association*. Depending on the severity of each case, it can be decided to either remove the suspected perpetrator from the location or issue a warning and let the activity continue. In case the same individual is found breaking these rules on another occasion, the membership should be suspended. The board should deliberate on the following course of action, which can result in readmittance in the association or a permanent termination of their membership.

615

620

625 All decisions concerning unwanted behaviour should not be taken lightly, as it is always important to investigate and assess the situation with care and vigilance. The board will therefore allow both sides to elaborate on their view of each situation, before taking permanent action.

article 49

630 Drugging participants of activities is not allowed under any circumstances. If the board is notified of an instance of drugging, they will launch an investigation into the allegations. If the board finds the allegation sustained after the investigation, they will be able to enforce article 8 of the *articles of associations*, which states that the board is allowed to suspend a member for two months or terminate of the membership.
